Selectmen's Meeting

MARCH 20, 1984 - by Virginia Arraj
BUDGETS & TOWN MEETING ARTICLES REVIEWED

Members of the Finance Committee and Town Accountant Barbara Dakin met with Selectmen Tuesday to review department budgets and articles for the annual town meeting in May.

Among the articles not being recommended by the Finance Committee are those seeking funds to resurface roads in Hollywoods, for the wharf restoration, for the Stabilization Fund, and the Tri-Town River Committee. It was noted that Rochester cut out funds for the River Committee last year.

Those articles recommended include sums for the Reserve Fund, mosquito control, and

the salt storage shed. Those articles with a question mark are \$8,000 for the town's share of matching funds towards a \$35,000 van for the Council on Aging and a sum for a sand spreader.

Selectman Frank Suzan strongly opposed eliminating funds for the wharf area, saying, "The wharf is the town's number one asset, and we really ought to think seriously about repairing it."

Selectman James Huntoon commented on a proposed state legislative bill that would allow voters in towns to override 2½ for an expenditure by voting at an election, rather than at a town meeting.

The two boards and the town accountant will meet next week to conclude budget preparations. During the week, the Finance Committee will meet with Police Chief James Moran on his department's budget.

Finance Committee Chairman Michael O'Brien said the Police Department budget reflects about \$23,000 over last year, \$11,000 of which is contractual, and \$5,000 for witness fees. O'Brien commented that if we expect level funding from other departments, we should also look at this budget for level

funding.

"No one is questioning that they (the police department) are doing their job, but someone has to justify the increase at town meeting", explained O'Brien. Suzan added that the board feels Chief Moran is doing his level best with the budget.

O'Brien asked whether the Fire Alarm Systems budget can be eliminated and save over \$4,000 (\$4,483.56). "What is your rationale for that consideration?" asked Suzan. O'Brien replied that "we were wondering if we're getting service for the money and whether insurance costs would be increased if we cut out the funds. Admittedly it's not a

big budget, but we thought we would kick the idea around", said O'Brien. Selectmen were quick to point out that the Mattapoisett Nursing Home and the Housing for the Elderly are covered by the system, and that is important, they agreed.

Attempts will be made to level fund the Town Counsel budget, Finance Committee members noted. Attempts to level fund the Town Hall Building budget were less successful.

O'Brien noted the Town Hall budget has increased 22 percent over last year. In an effort to reduce some of the expenses, Selectmen agreed to cut \$400 from maintenance, \$100 from the copier machine maintenance and \$500 for engineering fees.

In other business Selectmen:

ANNOUNCED that on June 2nd there will be a ceremony to dedicate the Manuel R. Nunes, Jr. Bridge on Acushnet Road (near the pumping station) in honor of the Highway Surveyor who is in his 54th year of service to the town.

A plaque has been ordered from the Rex Monument Works at a cost of \$400. and will be inscribed with Nunes' name and years of service to the town.

NOTED the town is in need of a new assistant building inspector. The compensation is \$350. per year.

The subject for this month will be "Pop Art and the Sixties: Bringing Back the Image". Pop artists reacted against the Abstract Expressionists and their rejection of the everyday world. Suddenly coke bottles, cartoon characters, and exhibits of old shoes became the rage, and New York dealers gobbled it up. This was Andy Warhol's heyday, and he and his followers were often called the "Soup Can School". Pop is important in American art history because it brought back the image. Elayne Sama will lead the discussion with a movie on Helen Frankenthaler. Frankenthaler is a transitional figure between abstract expressionism and pop, called a Color Field Painter, who was one of the prime innovators of the sixties. We will also discuss Corita Kent, whose paintings on the gas tanks next to the Southeast Expressway you have often seen. Everyone is welcome!

In this issue of Presto Seniors will find our ad listing the schedule of our Minibus trips for April. Please cut out this ad and save for future reference. If you wish to make a reservation, please call at (or telephone 758-3758) our office in the Town Hall, but not more than a week ahead of the trip date, unless a special deadline has been set up. Our office is open Monday through Friday between the hours of 9:00 a.m. and 12:00 noon.

There are no unusual trips planned that require explanation, but we might call your attention to the Thursday, April 5, trip to the Providence Arcade and its interesting restoration. We have only been there once

or twice before.

Now a word from our trip planner, Harold Roeder. There are still two or three seats available for the Big Bus trip (three days) to Brandywine, which includes a stay at the famous Hotel Dupont, touring the Longwood

INTRODUCING THE **Shearwater 22**

**For a ride so dry
you'll forget you're on
the water**

The Shearwater 22 reduces spray for a smoother, drier ride. Its high, fully flared bow, with easy entry, and full length molded keel provide a stable, comfortable ride. Economical to buy and to operate, the Shearwater 22 is ideal for both commercial and recreational use. Its solid heavy-duty fiberglass construction makes the Shearwater 22 a dependable boat that can obtain good speed with moderate power.

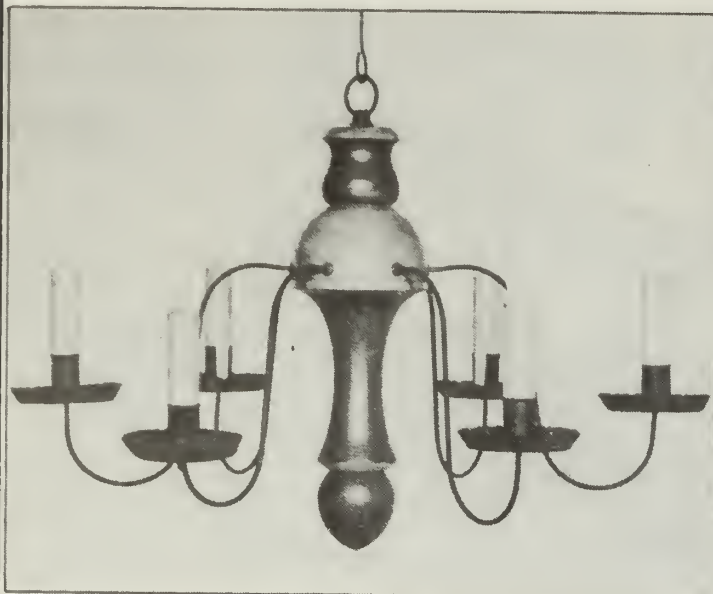

The Shearwater 22 is available in four models — lobster boat, bass boat, center console and pilot house — with a choice of power options including a variety of inboard, outboard and inboard/outboard engines. The Shearwater's LOA is 21' 8" with a beam of 7' 7" and a draft of 16". Prices start at \$5,400.00 for the center console (without motor).

How many times can a selectman be re-elected?

How old do you have to be to become a selectman?

Who chooses the appointed officials?

Can you petition the town government?

Where does Mattapoissett get its money?

How is our town government different from a city government? and When did Mattapoissett hold its very first town meeting? -- to cite just a few.

The clear and firsthand information the students received from Mrs. Adams and Mrs. Ennis will surely help them to better understand their topic. After they have completed all of their research they will share their findings with Miss Aiken's entire class.

Letter to The Editor

Another Bond Issue - haven't we had enough of these? The School Construction Bond Issue, when paid off, should have reflected a reduction in the appropriation for Old Rochester at Town Meeting. But, no, the amount did not decline. On the contrary, the excess not needed for the Bonds was used, among other things, to hire more help to oversee fewer pupils each year.

Now there is a crying need for another Bond Issue to take care of those things that should have been cared for by regular maintenance such as drapes for the stage, the music room and library, repairs to parking lot, sidewalks and drains, repairs and parts for the sewer plant, replacement of lights, repairs to storage building that

Now voters are asked to override 2½. What assurance do we have that this careless housekeeping will not continue. After all, the School Committee can and probably will spend the money any way it sees fit to spend it. The voters only control the amount they would appropriate for the school department.

Through the Looking Glass

Editorial, DCJ

In the Alice and Wonderland World of the Congress of the United States of America there are some curious stances and one of them is most puzzling. Both the House of Representatives and Senate have always been considered a branch of government. Yet, the Supreme Court, in considering the pro and con arguments on the matter of prayer in the public school system decided that it is contrary to the Constitution provision separating Church and State. So, the aethiests' lawsuit won!

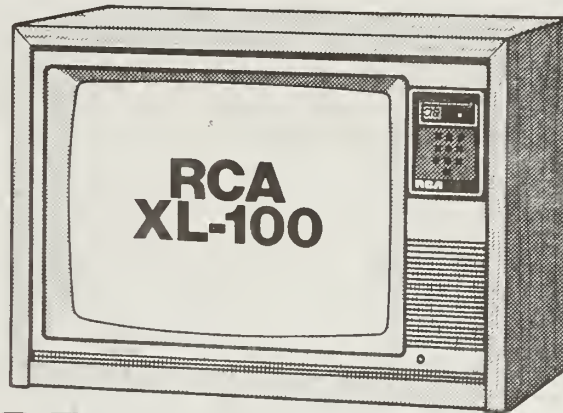

How is it then that each session of both the House of Representatives and the Senate begins with a prayer by a chaplain who is employed by the United States Government at a very handsome salary? No matter that his prayer echoes in a nearly empty cham-

Book Comment

by PAUL MYERS

There are two books by Norman Cousins in the Mattapoisett Library that ought to be called to the attention of serious readers. They are "THE ANATOMY OF AN ILLNESS" and "THE HEALING HEART". Norman Cousins is the author of a dozen or more books of timely interest during the past twenty or thirty years. He is probably best known as editor of The Saturday Review of Literature whose weekly editorials have always been awaited with eager expectation. Since 1978 Dr. Cousins has been a member of the faculty of the School of Medicine of the University of California in Los Angeles. He no doubt came

to this position and new career largely as the result of the extremely valid and valuable insights revealed in his two latest books.

It is about "THE HEALING HEART" that we make this comment. The book is called "ANTI-DOTES TO PANIC AND HELPLESSNESS", and deals with the importance of attitudes of mind and spirit in physical health and healing - the way in which mind-states and emotions can bring on disease, or improve the prospects of recovery. Bernard Lown, M.D. writes the introduction to the "HEALING HEART". Dr. Lown, M.D. is professor of Cardiology at Harvard University School of Public Health. He calls the theme of this book "a subject as old as medicine itself", namely, that mind and spirit can affect every aspect of human illness. The chapters of the book are filled with illustrations from the author's experi-

ences in a hospital during his recovery from a heart attack, all adding up to the observation that positive emotions - hope, faith, love, will to live, cheerfulness, humor, confidence had great healing value. If negative

The children had a thoroughly entertaining, as well as educational, experience at the hands of Mr. Harry Ellis Dickson and the Boston Classical Orchestra. The Board of Directors of Dollars for Scholars would like to thank Mrs. Griffiths from Sippican School, Mrs. Darrah from Center School, Mrs. Grace from Old Hammondtown School and Mrs. Merusi from Rochester Memorial School. Their help in keeping track of the number of students was invaluable. We would also like to thank Mrs. Silva from Rochester, Mrs. Strand from Marion, Mrs. Xavier and Mrs. Besette from Mattapoisett for their help on the buses. We would like to add a very special thanks to the Medeiros Bus Company for providing the buses for the concert.

transformed into a scene of springtime and flowers. White trees with pink buds were spotlighted from the floor while similar white branches were suspended from the ceiling. Flocks of doves floated gracefully over the entire scene. Tables for the buffet dinner were set with pink linens and floral centerpieces. Banquet tables at each end of the cafeteria were festooned with floral arrangements and candles. The entire room was lit only by the candles on every table. Student artwork decorated the walls and added a pleasant tone to the whole atmosphere. When you entered the cafeteria you were transported to another time and place. The classical music being piped in added a subtle touch of elegance.

The event precipitating this happening was the Boston Classical Orchestra Concert sponsored by the MMR Tri-Town Dollars for

Scholars Chapter. The Concert was MMR's first major fund-raiser for 1984.

The how of this visual happening can be credited to the efforts of two area residents. These two individuals spent innumerable hours of their own time planning, designing, and co-ordinating this event. They trudged through the dampness looking for dead trees and branches that could be painted. Small pink buds which covered the branches were fashioned by hand from crepe paper. Calls were made all over southeastern Massachusetts to locate the pink linens. A flock of doves was created from styrofoam, cotton and chicken feathers. Beautiful antique silver services were borrowed from several area residents for the reception.

All day Saturday and Sunday were spent decorating and creating a very special atmosphere for a very special event. The MMR

TO THE VOTERS OF MATTAPOISETT

Another three years have passed and, once again, I find myself running for re-election to the ORR School Committee. This will be the only contested seat on the ballot. However, I feel it is one of the most important offices in our town's government.

This year I am being challenged for re-election by two fine men, both competent educators, giving you the voters a definite choice.

Why should I have your support?

Nine years served on the sub-committee for teachers' negotiation has seen a shift from a lop-sided contract - teachers' favor, your loss - to one of fairness to both sides.

Discipline policy enacted and enforced.

A continued concern for a more stringent curriculum, especially for the average student.

I have spent countless hours representing you. I have spoken out and voted at meetings on your behalf, even when it meant being a majority of one.

I ask of you now to give me the few minutes it takes to cast your vote on April 3rd, so that I may continue to represent you.

LESSONS ON DART-RAM

Students and staff at the Old Colony Regional Vocational-Technical High School are getting a combined lesson in Engineering Technology and Humanities through their work on a machine called the Dart-Ram. The Dart-Ram is a hand-operated machine that produces

compressed-earth building blocks. Because the blocks are durable and inexpensive, the potential exists for greatly improving housing conditions in poor and underdeveloped countries. This is the goal of Harry Sangree.

Harry Sangree is a native of Holliston, Massachusetts. He began developing the Dart-Ram in 1979, when he was a student at

Math Award to Carmen Gracia

Carmen Gracia, a senior at Old Rochester Regional High School, has just been notified by the Association of Teachers of Mathematics in eastern Massachusetts (ATMEM) of winning their Outstanding Achievement Award in Mathematics. Carmen is one of four students in eastern Massachusetts who will receive a plaque and a \$100. U.S. Savings Bond in honor of her achievements and service to ORR in the area of mathematics.

Carmen is co-captain of the ORR Math Team, its leading scorer this year, and was selected for the third consecutive year to the Southeastern Massachusetts Conference Mathematics League All-Star Team. She is currently taking a course in Differential Equations at SMU and was accepted (Early Acceptance) to Harvard University for the fall of 1984.

According to Mr. Cameron, Math Team advisor, that although the regular top scorers are usually seniors, ORR has many fine underclassmen coming along in such students as: Erik Sylvia, Brian Reid, David Tremblay, Amy Reardon, Julie Holden, and, of course, Jeff Humphrey. This year's senior group will be difficult to replace, but each year there seems to be more interest in mathematics. Students seem to want to do more problems and put more effort into these competitions. I imagine that success over the years creates more interest and students realize that these competitions help them in the classroom and on the College Boards.

ORR Junior High

Eighth Grade Science students from the Old Rochester Regional Junior High School recently completed a field study excursion to the Canal Electric Company in Sandwich. More than 160 students from Mr. Dunlavy's and Mr. Peirce's Science classes toured the oil-fired Electric generation facility as a part of their energy awareness studies.

Students viewed a media slide presentation outlining the operations of the plant from delivery of fuel oil to steam production and from generation of electricity to environmental controls. Later they donned hard hats for a tour of the power plant and computerized control room. Students profited from the opportunity to learn more about both the

technology of energy production and the career possibilities available.

Other faculty members participating in this activity included Mrs. Sylvia Worthy, Mrs. Celine Lukowicz and Miss Carolyn Wingate.

Junior High Invites Sr.Citizens

The cast of the Old Rochester Regional
Junior High Drama Club has scheduled a free
afternoon performance of their Spring pro-
duction "Coming of Age". Senior Citizens of
the area are invited to attend a complimentary
performance at the Junior High School on Tues-
day, April 10th, at 4:00 p.m. Members of the
cast will also serve light refreshments during
intermission.

"Coming of Age" is a cheerful and exuberant
musical drama about growing up. It is a play
which features the musical, dance and acting
talents of twenty young people being them-
selves. Members of the cast wanted to share
some of their excitement and pleasures with
the senior citizens. Local Councils on Aging
have been contacted as an effort to spread
the word. Any senior citizen is welcomed to
attend and no advance notice is required.

The Junior High School Drama Club will also
be performing "Coming of Age" in local ele-
mentary schools and at an evening performance
on Thursday, April 12th, at 7:00 p.m.

which is sponsoring "Health Works '84" at the Wareham Town Hall on March 31st, announced the addition of a screening procedure for Sickie Cell Anemia. The test is free of charge.

Sickle Cell Anemia was first described by Dr. James B. Herrick, a Chicago physician in 1910. It was not until the 1960's, however, that community groups of this country began to provide testing programs in the black communities and the general public became aware of sickle cell trait and sickle cell anemia.

The most troublesome feature of sickle cell anemia is the repeated bouts or spells of pain called "crises", which a person experiences. These painful crises, as well as infections, may necessitate frequent hospitalization for patients with sickle cell anemia. Approximately one in twelve blacks in the United States has sickle cell trait, according to the Boston Sickie Cell Center.

The committee wishes to call attention to "Coronary Risk Profile" which can be added to the regular blood chemistry test. The cost of the blood chemistry is \$8.00 If the

MONTHLY BIRD WALK - FOCUS ON SHOREBIRDS

The Lloyd Center for Environmental Studies' first-Sunday-of-the-Month Bird Walk on April 1st at 9:00 a.m. will focus on shorebirds. The group will meet at the Lloyd Center, 430 Potomska Road, South Dartmouth, and carpool to selected coastal sites in search of migrating sandpipers, yellowlegs, and plovers. The walk leader will be Ted Raymond who has worked as a volunteer to Manomet Bird Observatory in its shorebird banding work in Belize.

Most shorebirds migrate long distances between nesting areas in the far north and South America wintering grounds. During Spring and Fall large numbers of birds travel through

coastal areas along migration routes, stopping to feed and rest. The Lloyd Center has been granted access to some privately-owned coast-

Lecture on Antiques

"You're Richer Than You Think: An Appraiser Tells Why" is the subject of a lecture by an antiques expert on April 1st at 2:15 p.m. in Room 153 of the College of Visual and Performing Arts (Group VI) Building. It is free and open to the public.

Henry T. Callan, widely known for his informative and entertaining programs, will talk about how inflation affects family possessions, how to know their real worth, how to protect them, how to sell them, and how wisely to accumulate more. The audience may bring antiques for free appraisal. Refreshments and a reception follow.

Callan buys and sells antiques and appraises them for estate and insurance purposes. He has a master's degree in history which he taught for 10 years. He was also library director at Milton Academy for 10 years.

CHANGE OF OWNERS MEANS WE HAVE TO MOVE. In the nine
and a half years in our present house we have added over six
inches of insulation to the ceiling and double storm windows.
We have assumed responsibility for the minor landscaping pos-

the house, all at our own cost. If you would appreciate two
tenants of such caliber and their two cats, please call 758-9083
from seven to nine mornings or six to ten evenings. Our cats
have excellent references, too.
